Dear Governor Cuomo and Regional Administrator Enck:

Thank you for your leadership, support and action in the water contamination issue in the Village of Hoosick Falls and Town of Hoosick. I agree with your positions that first and foremost a solution must be reached.

I am attaching a list of concerns which may be of assistance to New York State agencies and EPA as they move forward. I have a good knowledge of the Hoosick area as I grew up in the Village, taught at HFCS for over three decades, served in various elected roles in the Town of Hoosick and County of Rensselaer, and have deep admiration for the people and beauty of the Hoosick area. I currently own property in the Village, have permanent residency at Babcock Lake (Town of Grafton), and am a true snowbird, as I choose to live in Colorado (not Florida) during the winter months. (I offer the above as authenticity for compiling concerns)

If there are any questions on the attached, I can be reached at 518-686-9707, cell/text 518-925-7710, email [ [HYPERLINK "mailto:marilynkdouglas@gmail.com"](mailto:marilynkdouglas@gmail.com) ]. Also, I will be back in New York State in early spring, and would be glad to meet and discuss.

Please continue your diligence and concern for the health of the people of Hoosick, and a resolution to providing quality water that meets or exceeds the drinking water standards.

Respectfully,

Marilyn K. Douglas
